

ACCOMMODATION

4th DARK SKY PARKS SYMPOSIUM

We do not organize accommodation for participants. All the participants are requested to make their own accommodation arrangements, but we are happy to help.

We recommend accommodation of different categories with different pricelist. The best idea is to stay close to the town of Cellers as all the lectures will take place in Hotel Terradets in this town. But if you have car you can select other accommodation facilities, all of them are placed not far than 15-20 minutes by car of the conference venue.

We recommend book early to have low prices and more options of accommodation. You can have a look to the all the accommodation facilities in this area through Montsec Consortium official website (<http://www.montsec.cat/>). Here you will find some recommended accommodation. The list is sorted by category and distance to the conference venue.

HOTELS
